

Service Dog Behavior and Training Attestation Form

Service Dog Handler's Name: _____

Address: _____

Phone Number: _____ Email Address*: _____

Animal's details: Name _____ Breed _____ Weight _____ kg or LBS

Dog Training organization or trainer's Name: _____

Has your dog flown before? Check: YES or NO

Check the following boxes to certify:

I certify that my dog has been individually trained to do work or perform tasks to assist me with my disability and has been trained to behave well in a public setting without aggression toward humans or other animals.**

I understand that my dog must be harnessed, leashed, or tethered, unless I am unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service dog's safe, effective performance of work or tasks. In such cases, I understand that my animal must otherwise be under my control at all times through voice, signals or other effective means.

I understand that if my service dog engages in disruptive behavior that shows that it has not been successfully trained to behave properly in a public setting, airlines are permitted to treat my dog as a pet.

I understand that airlines may charge passengers with disabilities traveling with service dogs for the cost to repair any damage caused by a passenger's service dog so long as the airline charges passengers without disabilities for the same kind of damage.

I understand that I am committing fraud by knowingly making false statements to secure disability accommodations provided under regulations of Canadian the Accessible Transportation for Persons with Disabilities Regulations(ATPDR).

Other requests if necessary

Signature of the Dog Handler, Date

_____ / _____ / _____

<Attention>

*For the customer who sends this document by fax, Please be aware of the accurate indication of your E-mail address since we can reply to your proposal by E-mail only. Thank you for your understanding.

** A service dog that is trained to behave in a public setting will remain under the control of its handler. It does not run freely around an aircraft or an airport gate area, bark or growl repeatedly at other persons on the aircraft, bite, jump on, or cause injury to people, or urinate or defecate in the cabin or gate area. A dog that engages in such disruptive behavior shows that it has not been successfully trained to behave properly in a public setting, and airlines are not required to treat it as a service dog, even if the animal performs an assistive function for a passenger with a disability.
